

## Terms and Conditions for E-invoice service

1. By registering with the MPT4U mobile application (“MPT4U”) to access the E-invoice service, the subscriber verifies that the information provided in MPT4U is accurate, that he/she has been already obtained the necessary consents (when the subscriber enters the information of other person and the information of service(s) obtained by that other person), and that he/she is responsible for incorrect information and/or providing the information without the express consents of that other person.
2. This E-invoice service shall only apply to the services such as PSTN, ADSL, IP star, FTTH and Mobile that are subscribed with postpaid basis. After registering the foregoing services in the MPT4U, the E-invoice service can be accessible.
3. In one MPT4U account, the services mentioned in the clause 2 above can be registered without limitation. However, any service number of the foregoing services listed on the MPT4U account cannot be registered with any other MPT4U account.
4. After registering each of the services mentioned in in the clause 2 above, the subscriber can find the billing information for the last six months of each service. The billing information is not supported in PDF file.
5. MPT may, at its sole discretion, modify or terminate the E-invoice service at any time without prior notice to the subscriber/customer.
